Why this form is important:

Our focus is on assisting people to function optimally, to become more self aware, stronger, healthier and for improved adaptation to everyday stresses. Completion of this form provides us with an improved understanding of your physical, emotional and chemical stresses that can gradually overwhelm the body and contribute to other health problems. Please complete this form as thoroughly as possible and the doctor will review it with you. Information collected and discussed on this form is strictly confidential and can only be shared with your consent.
